3 CERTIFICATION

(Check Applicable Box)

The vehicle described above is a "Street Rod" which is a modified motor vehicle manufactured prior to 1949, and may be used on the streets and highways of this state.

The vehicle described above is a "Horseless Carriage" which is an automobile or truck weighing 5,000 pounds or less, for private use, manufactured in 1927 or earlier. The license plate is permanent and valid for use without renewal as long as the vehicle and registered owner remain the same.

I certify the above information is true and correct. _____

Signature of Applicant

4 ADDITIONAL REQUIREMENTS

The Street Rod license plate is available at any Tax Collector Office. The Horseless Carriage License Plate is only available at the Division of Motor Vehicles. When applying for a Horseless Carriage License Plate, please submit the application and fees to the Division of Motor Vehicles, License Plate and Decal Section along with the following:

1. Copy of the vehicle registration or title only receipt.
2. Proof of insurance.

NOTE: The \$100 Initial Registration Fee must be submitted for a Street Rod in addition to the regular registration fees, unless you have a Florida license plate or can provide proof of a Florida license plate from a vehicle of which you have disposed. The \$1 00 Initial Registration Fee is not required for a Horseless Carriage.
